

## The George Bairstow Charitable Trust

The GBCT was set up in March 2014 in memory of George Bairstow and exists so that the difference George made to people's lives can continue.

George was committed to charitable work and lived his life to help others. He died in November 2013 in a car accident, returning home from a volunteer duty with St John Ambulance on Bonfire Night.

The GBCT's goal is to empower communities to make a difference by providing grants in support of:

- The provision of emergency aid
- Volunteering among young people
- The enhancement of skills among young people

## What We Do

We work closely with individuals and communities on a diverse range of projects. Our grants have supported:

### The provision of emergency aid

- The installation of Community Public Access Defibrillators (cPADs) in remote areas
- Training in basic life support skills and the use of cPADs

### Volunteering among young people

- Young Leaders Programmes that enable young people to develop both their own skills and those of their peers

### The enhancement of skills among young people

- The delivery of courses to young people in a range of subjects, from reading and learning to cookery

We work hard to ensure young people can make the most of their lives and that no life is wasted.

## You Can Make A Difference

All the support given to GBCT, whether monetary or in time, enables us to empower more communities and make a big difference to more lives.

Your donations will go directly to community initiatives that support the encouragement of volunteering and skill creation in young people and the provision of emergency aid in communities.

Inclusivity is also at the heart of all we do and we always welcome volunteers. You can find out how to get involved on our website – we would love to hear from you.

GBCT depends upon all its supporters to help publicise its work and the support it can give to communities. Follow us on Facebook and Twitter and spread the word. If you already know of a suitable project for GBCT to support then visit our website to find out how to apply.
